FINAL-INFO:	XXXXX	5 digit value	gives the mail address: XXXXXYYYY at online dot de			(Hint: QS = 9)	0	
FINAL-INFO:	YYYY	4 digit value				(Hint: QS = 17)		0

Hello and nice that you dare to visit our tourist-multi (EBW SLASH WUPPERTALER Schwebbahn / GC6A1XJ). (Version 3-EN-07/2020)

Please park your cachemobile at the Park-Koords (PK) and go to the listing coordinates (SA). Here you will find your first tasks, the two special stations (SA & SB). Find the values you are looking for and enter these numbers at "X" and "Y" in the table. Now go to station 1 (S1) and scan the silver QR at the display board near the station and then the journey with the suspension railway begins. Tip, use the suspension railway and collect the data in the appropriate order (i.e. from S1 to S2 to S3... S8 to SC!) ... S9 ...) Please always make sure that you have a valid ticket (unlimited boarding and disembarking is only possible with a day ticket), as fare evasion is subject to high fines (currently 60 Euros) here in the valley! So you collect numbers (or a picture containing a number) at all suspension railway stations. There is also a third special station (SC) where you can see the number in the picture on a wall of a house as you drive past it (so here you have two chances on a round trip on the cable car!) Everything is also possible by car / bike and / or on foot (this was the requirement of Groundspeak to enable the cache!). You only need to go back to the station "BRUCH" (S20). Get off here! Get the last number and calculate the sums for "X" and "Y". Now you have a MAIL address (XXXXXXYYYY at online dot de). Send a MAIL there with all nicknames involved (!) in the subject ... The reply mail contains the coordinates for the final - let's go ... Take the road to "VOHWINKEL"- 100m right ... go to the parking lot ... onto the track etc. ...

Please be really inconspicuous here (we want the cache to last longer this time) and hide what you find exactly as you found it. Use your permanent pen to sign the logbook. Now let's get down to work and if you have any problems please send a mail to GC6A1XJ at dl8ebw dot de with nickname and phone number - we'll call you back!

Have fun and above all a nice ride ! (... we would be very happy about pictures [no spoilers!] and nice log's!) **Netti & Guido TEAM DL8EBW (07/2020)**
